5. Alternate Flows

5.1 Staff ID is blank

If at step 2 of the normal flow the staff member has not entered a Staff ID, then

Actor	System
	2.1. App focuses on Staff ID field
	2.2. Display message : "ID is required"
2.3. Staff member enters Staff ID	

Normal flow is resumed at step 3.

5.2 Staff ID is not equal to 4 digits

If at step 2 of the normal flow the staff member enters a Staff ID that is not equal to 4 digits, then

Actor	System
	2.1. App focuses on Staff ID field
	2.2. Display message : "ID must be 4 digits"
2.3. Staff member enters Staff ID	

Normal flow is resumed at step 3.

5.3 Incorrect Staff ID

If at step 2 of the normal flow the staff member enters an incorrect Staff ID that is equal to 4 digits, then

Actor	System
	2.1. Display toast message : "Staff ID is not found"
2.3. Staff member enters correct Staff ID	

Normal flow is resumed at step 3.

6. Key Scenarios

6.1. The staff member successfully views an active order

6.2. The staff member enters an incorrect Staff ID then enters the Staff ID correctly and views an active order

7. Post-conditions

7.1. Normal flow where an order is viewed

The order is viewed by the staff member and the order details appear on screen
