

Section 1 of 4

...

The intention of this survey is to gather information based on the adjustments made from the feedback we recieved in the first round of testing.

If at any point you do not understand or cannot complete the task, please refer to the user manual to help understand and complete the task.

For this survey the term 'feedback message' refers to the message that pops up on the screen when you press a button, such as login.

Adjustments to be reviewed:

1. Clarity for updating inventory
2. Fix for sign out

Please unistall and re-install the app from the link on the web page

*

Short-answer text

Have you installed the new version of the app? *

- ☐ Yes
- ☐ No

2

Section 2 of 4

...

Start by logging into the app with the following StaffID: 1001

Go to the update inventory menu

The update menu has been changed to make it easier to see that the inventory has been updated. Lookout for a feedback message.

Choose an item and update it. If you have any trouble please read the manual section on updating an inventory item first before answering the questions.

Was the feedback message helpful to know the update was completed? *

- ☐ Yes
- ☐ No

Was the process of updating the inventory easy to understand? *

	1	2	3	4	5	
Very Hard	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Very Easy

Is there anything you wish to mention?
